Michael C. Byrd, MD
Melissa E. Bender, MD
Adrienne N. Choksi, MD, FAAD

December 1, 2021

Dear Patients,

I am writing to let you know that after the past year of fighting the effects of a Covid infection, I have made the difficult decision to step away from the practice of medicine. I want to express how privileged, happy, and honored I have been, since starting my practice in 1973, to have treated so many patients. Below is a list of my partners who are all superb and excellent physicians. I know they will be able to provide you with the best ENT, Allergy, Facial Plastic, and Dermatologic care.

As of December 31, 2021, my esteemed colleagues at The Center for ENT will be taking over the care of my patients. Dr. Ron Moses, Dr. Richard Hung, Dr. Eric Powitzky, Dr. Kristin Marcum, Dr. S. Ross Patton, and Dr. Michael Byrd are ready to care for your ENT needs as I have these past 48 years. Dr. Ashish Asawa is here for your Allergy and Immunology care, Dr. Melissa Bender will care for your Facial Plastic Surgery needs, and Dr. Adrienne Choksi is available for any Dermatology concerns.

Of course, you are welcome to seek care from any physician you choose. If you desire to see someone outside of The Center for ENT, you are welcome to request your medical records from us by calling our main office number at: 713.795.5343. I do recommend you decide on a new physician as soon as possible. If you need assistance, I recommend looking at Harris County Medical Society or your insurance provider as resources.

It is an exciting time at The Center for ENT and I am confident that you will be cared for at the highest level. I wish you all the best for your future health.

Highest regards and thank you for your confidence over the years,

Sam C. Weber, MD, FACS
